

# HERO ALK-50

## Super High Efficient Alkaline Reverse Osmosis System

These compact state-of-the-art reverse osmosis drinking water systems provide delicious and refreshing alkaline water on tap, eliminating the cost and inconvenience of purchasing expensive “alkaline” bottled water.

*This quality water purification system will provide you with:*

**1:1**

Water Production / Rejection Ratio

- Adds Essential Minerals Back Into Water
- 8.0 - 10.0 pH
- Super High Efficiency **50 GPD** Membrane
- **Recovers 75%** of the Water Typically Discharged by Standard RO Units
- Encapsulated Membrane Design For Quick Replacement
- High Capacity Pure Water Storage Tank
- Long Reach Pure Water Dispensing Faucet
- Includes Color Coded Fittings & All Tubing for a Simple Installation
- Designed For Ease of Operation
- High Quality Water at an Affordable Price

The most efficient Reverse Osmosis System to reduce impurities, total dissolved solids (TDS), chlorine taste and odors and to provide water that is delicious tasting & crystal clear.
